

Dyson technology for business

dyson

Lighting

Hand hygiene

Personal care

Air quality

Our business and leisure environments are under closer scrutiny than ever before. From the air we breathe, to the level of light, or the hygiene in washrooms, it all affects the experiences of customers and employees.

Technology can help or hinder these experiences. When it doesn't work properly, it can have a negative effect on our performance, our happiness and even our wellbeing. Technology that does work properly, on the other hand, can improve our lives.

dyson **cu beam duo**

**Combined up and down light
with full flexible control.**

Powerful up and down light from one product.

Custom-engineered lens and trim blades
project direct light precisely where you need it.

The down-light projects up to 722lx at 4000K
evenly over an area of 3.2m x 1.6m when mounted
1.3m above the task area.¹

The up-light projects up to 733lx at 4000K
evenly over an area of 4m wide when mounted
at a 400mm drop height from the ceiling.¹

High efficacy with up to 113 lm/W at 4000K.

Weighs only 3.2kg.

5 year guarantee (parts only).

¹Based on 50/50 split of up and down light.

The up-light casts a wide pool of indirect light on the ceiling for illuminating open spaces and the down-light creates focused, adjustable task lighting for working.

dyson **cu beam down**

Suspended down-light with a controlled pool of powerful illumination.

Powerful LED light (5350lm at 4000K).

Custom-engineered lens and trim blades project direct light precisely where you need it.

LEDs stay bright for up to 180,000 hours.²

Projects up to 674lx at 4000K evenly over an area of 3.2m x 1.6m when mounted 1.3m above the task area.

High efficacy with up to 94 lm/W at 4000K.

Weighs only 2.9kg.

5 year guarantee (parts only).

²Calculated lifetime based on LED L70.

Perfect for task surfaces such as
meeting tables, reception desks,
office and dining areas.

dyson **cu beam up**

Suspended up-light with an ultra-wide distribution of powerful illumination.

Poweful LED light (7800lm at 4000K).

Custom engineered lens projects wide beam of ambient light precisely where you need it.

Stays brights for up to 180,000 hours.²

Projects up to 690lx at 4000K evenly over an area of 4m wide when mounted at 400mm drop height from the ceiling.

High efficacy with up to 92 lm/W at 4000K.

Weighs only 2.9kg.

5 year guarantee (parts only).

Silver

Black

White

²Calculated lifetime based on LED L70.

Makes indirect lighting possible,
creating ambient lighting for open
spaces like atriums, foyers, circulation
areas and general office lighting.

Powerful warm white task light.
Engineered for use in a relaxing space.

Powerful LED light (648lx). Measured from 0.6m distance over 1m² task area.

Stays precisely where you need it.

Touch sensitive continuous dimming.

Conical reflectors help to reduce glare.

LEDs stay bright for up to 144,000 hours² due to Heat pipe technology.

Uses a fraction of the energy of some conventional halogen desk lights.

2 year guarantee (parts only).

Colourways – Floor and Clamp: Black/Silver, Black/Black.
Desk: Black/Silver, Black/Black or White/Silver.

²Calculated lifetime based on LED L70.

CSYS™ task lights give hotel guests powerful warm white light. They can position it precisely where it's needed, to suit working and reading.

dyson csys 4k

Powerful cool white task light.
Engineered for the office environment.

Powerful LED light (808lx). Measured from 0.6m distance over 1m² task area.

High-efficiency LEDs provide 30% more lumens per watt than our original model.

Stays precisely where you need it.

Touch sensitive continuous dimming.

Conical reflectors help to reduce glare.

LEDs stay bright for up to 144,000 hours² due to Heat pipe technology.

Uses a fraction of the energy of some conventional halogen desk lights.

2 year guarantee (parts only).

Colourways – Clamp: Black/Silver, Black/Black.
Desk: Black/Silver, Black/Black or White/Silver.

²Calculated lifetime based on LED L70.

Cool white light can create an office-like environment.
CSYS™ 4K task lights provide 25% more light on the task
plane than the original CSYS™ task light (2700K).

dyson airblade dB

**The fastest, most
hygienic hand dryer.**

10 second dry time.

HEPA filter captures 99.95%
of particles the size of bacteria.

Tested and certified by NSF International.

Certified for use in food environments
by HACCP International.

Costs just £40 to run per year.³

Small carbon footprint.

Tough and durable.

Touch-free operation.

Contains antibacterial additive.

5 year guarantee.

HACCP International non-food certification mark is the registered trademark of HACCP International. HACCP International have certified Dyson products based on their recommended installation and operating conditions. The NSF logo is the registered trademark of NSF International.
