## 01.03 hotel-max S and hotel-max L

### ■ Elegant and manoeuvrable multi-functional transporters

by Wanzl The hotel-max S and the hotel-max L do their work as a constant, "invisible" companion to the chambermaid and thus prevents impairment of the overall impression given by hotels with an upmarket ambience.

### Collapsible to save space

The hotel-max. S and hotel-max. L service trolleys can be folded down to occupy very little space when they are not needed. It really does not get any more practical. Both very quickly become indispensable.

HOTEL-MAX. L

HOTEL-MAX. S

### Lots of space for cleaning requirements

Everything you need for housekeeping can be comfortably accommodated in the wire basket on the control handle of the hotel-max.

### Particularly gentle

Plastic profiles ensure additional protection on all surfaces. The double edging wire provides the service basket with additional support.
