2022-2023 COLLECTION

Intelligent Design Exceptional Experiences

Craster's mission is to create beautiful, intelligently-designed products that surprise and delight, enabling hotels, restaurants and event spaces to deliver exceptional customer experiences in the current dynamic hospitality environment.

"This year Craster celebrates 30 years of service and creativity.

I want to thank our clients and partners, longstanding and new, for their collaboration. It has been my great pleasure to work alongside our truly talented hospitality clients, manufacturing partners and our exceptional team.

Our shared purpose is to create beautiful, intelligent systems-led solutions that enable the world's best hospitality brands to deliver exceptional and authentic guest stays.

Quality of experience has always been the currency of hospitality. As the world reopens and a new optimism in the future takes hold of our industry, people value meaningful, memorable moments in their travel.

This year, we are delighted to unveil Fare, our latest flexible modular trolley system. Fare brings a lightness and dexterity to the tool kit of front of house theatre. It integrates beautifully with and extends the reach of our modular Flow buffet system, dramatically increasing the scope of options to create and curate customised experiences.

This is Craster's 30th collection. It is a representation of who we are and a commitment to you in the next chapter of hospitality."

BUFFET

Flow

Flow is a versatile, modular display system crafted around a gastronom footprint, offering solutions for ambient, hot and cold cuisine presentation.

Flow consists of stackable trays, trolleys, stands, protective lids and liners and heating/cooling units available in white-washed, black lacquered and natural oak or natural walnut. Plinth tops are available in minimalist clear or smoked grey glass and luxurious white or grey marble. Frames come in stainless or black powdercoated steel.

The Flow Range's interchangeable and stackable components offer versatility to tailor your display and allow for efficient replenishment between front and back-of-house, with new innovations regularly being added. Each stackable tray is ideal as part of a large cuisine presentation or can be selected for hygienic, discrete single-serve, offering unprecedented sustainability across dining options.

Watch the Video

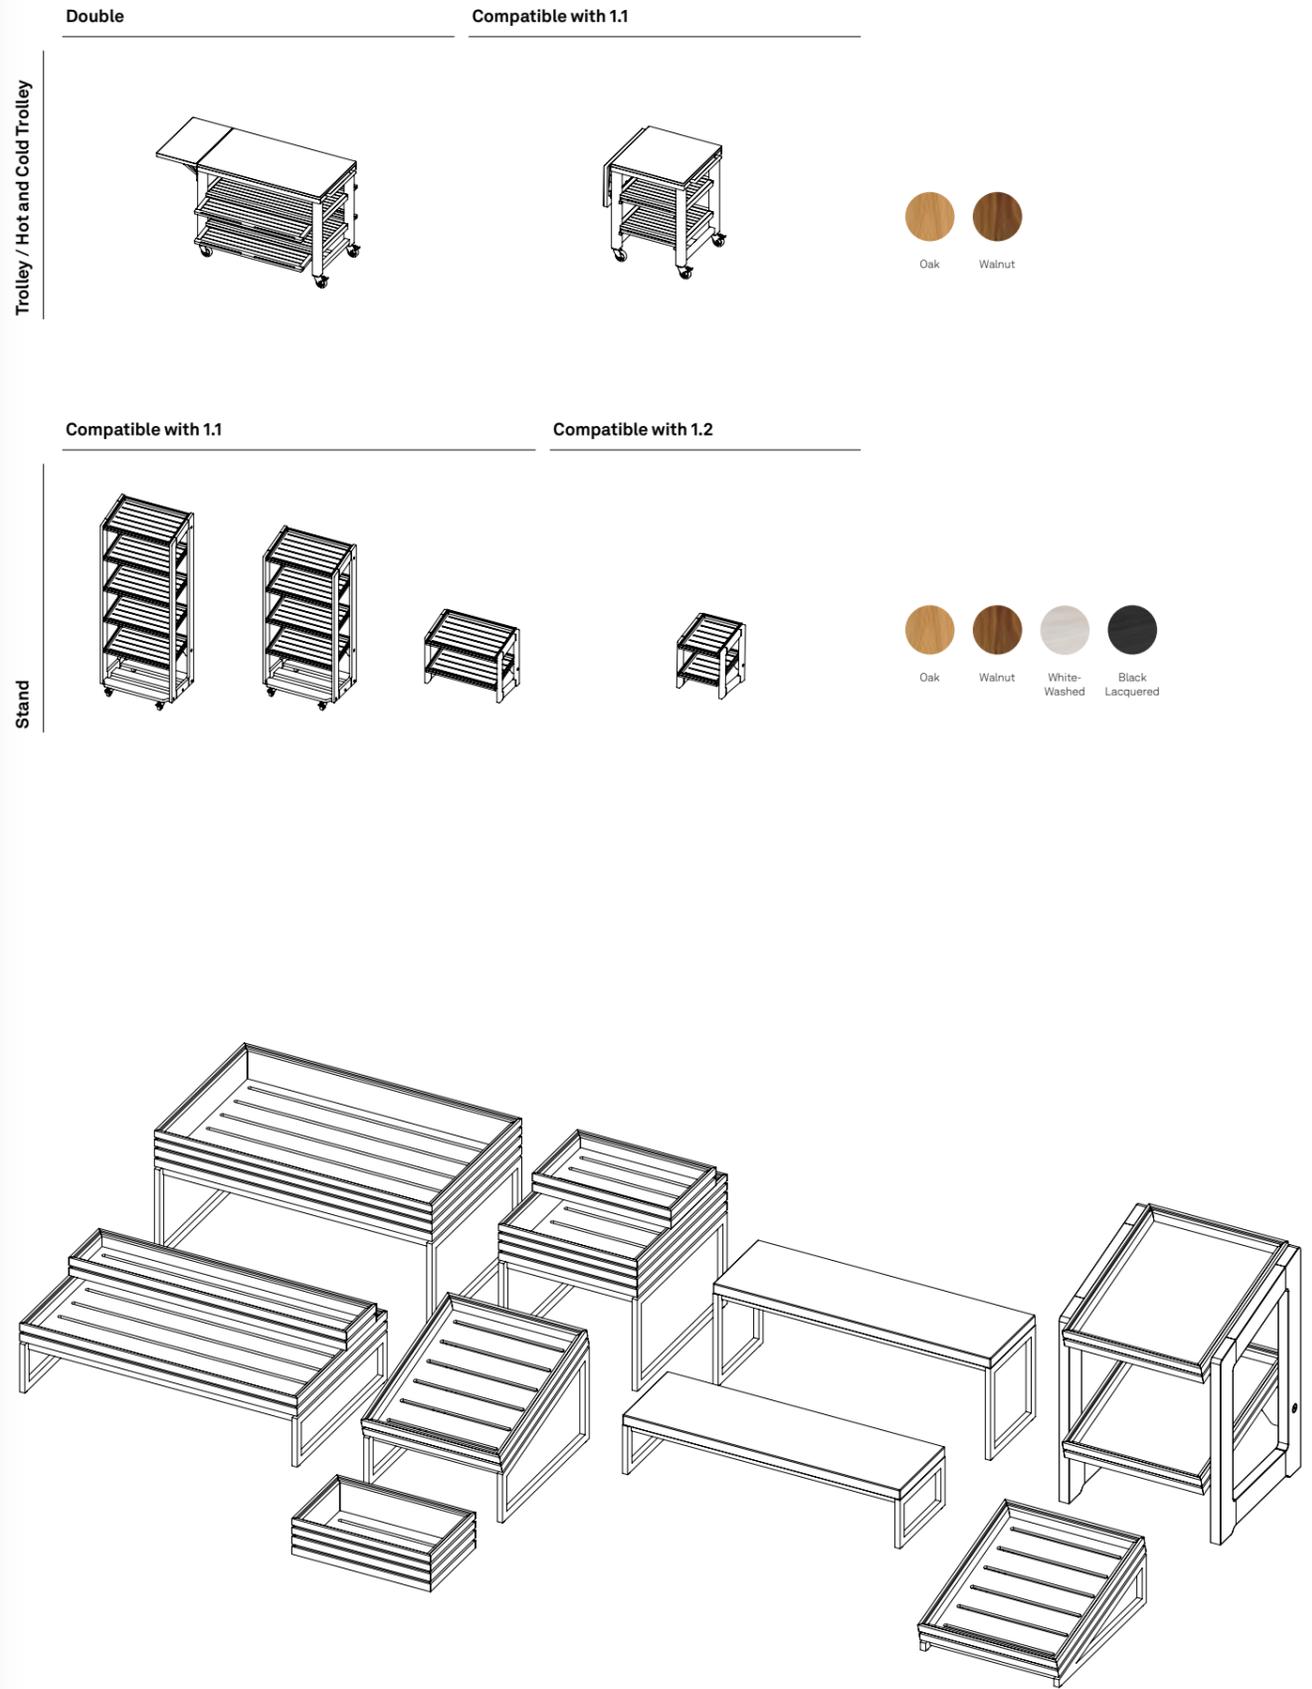

How to create your buffet with Flow

The Flow Range is crafted around a gastronorm footprint, enabling you to create a custom display. To build a display, simply select a gastronorm size, a frame (flat or angled) and a top (deep or shallow trays or flat plinths). Heating and cooling units, label holders, sliding lids and lid liners allow for ambient, hot and cold services. Our Flow Range comes in four different colours including white-washed, black lacquered, natural oak or natural walnut.

Flow Stacking Bento

Curate delightful dining experiences with the modular Stacking Bento Boxes for meal and drinks delivery without single use plastics. Intelligently designed for properties where elegance and understated materials are as important as wellness and hygiene, Stacking Bento Boxes consolidate entire cuisine presentations for covered carriage and service to Bali beds, party villas or poolside loungers.

Flow trays are a sustainable solution, transferring easily from Bento arrangements to full buffet setups with frames, trolleys and stands.

Individual components to the Stacking Bento Box kits can fit seamlessly into the Flow system.

Bespoke Bento Box designs to fit individual service requirements also available upon request.

Flow Hot and Cold Trolleys

The Flow Hot and Cold Trolley delivers dual cooling and heating functionality in one compact, versatile display unit, enabling functional flexibility from chilled breakfast juice stations to heated brunch action stations and frosted grab-and-go cuisine presentation. Specified by the Craster design team to withstand temperature changes, the food-safe, durable top offers a wide temperature range from -5°C (23°F) to 140°C (284°F). The trolley features multiple extending shelves, giving added storage for multi-height display with double-sided service.

Fare Trolley System

A configurable F&B distribution and display system, the new Fare Trolley Range offers operational efficiency across a property from morning to night.

Designed to a gastronorm footprint and with agility in mind, Fare's modular approach allows trolleys to be used in isolation or built out to larger stations using the drop-in bridge.

The contemporary metal frame complements a selection of shelf materials (hardwoods and HPLs), which are reversible and replaceable, extending the longevity of the product.

Additional accessories extend the functionality with speed rails to maximise surface area and panels to conceal lower and middle shelves available, allowing the system to spend as much time as possible front of house and respond to changing needs throughout the day.

Watch the Video

Fare Trolley System

The Fare Trolley collection offers multiple configuration options.

Select from solid timber or HPL options and extend presentation surfaces using the bridges, which fit between two trolleys on the short or long side.

Additional accessories with speed rails and pots maximise surface area and mesh panels provide flexible concealed display.

Tilt

Tilt is a unique, flexible display system that offers endless possibilities for creative gastronomic expression.

Comprised of multi-height cylindrical metal frames in stainless, black powdercoated steel or brass compatible with serving top solutions in a variety of materials, the Tilt Range enables creative display with elegance and poise.

Tilt's interchangeable serving tops include bowls, extended plinths and juice dispensers, offering an elegant display service ready for quick changes between meals. Each component is also ideal for single-serve, with sleek salad bowls and luxurious marble plinths ideal for desserts.

Tilt Range

Tilt is a flexible system comprised of cylindrical metal frames compatible with serving top solutions for both wet and dry foods as part of a large display or in single-serve.

To build a custom display, select a frame height, then pick from bowls, plinths and juice dispensers made from luxurious marble, black glass, stainless steel or solid wood.

Tilt Bowls

Tilt bowls are intelligently engineered to fit seamlessly within Tilt frames, with an ability to be tilted at various angles to enhance food volume. Ceramic bowls are perfect for cereal and salad presentation and brass is an ideal material for wet food display. Select walnut to match plinth and tray materials.

Tilt Black Glass Plinths

Black glass is our latest addition to the versatile Tilt buffet system. Designed to celebrate sophisticated gastronomy, these sleek, reflective plinths accentuate and reflect the cuisine display.

The lustrous dark surface sharply contrasts food textures, providing a blank canvas for unique cuisine curation. Crafted from bonded Float glass, each plinth invisibly and securely locates onto the Tilt frame to create a minimalist, seamless display surface.

Designed to fit seamlessly with all Tilt frames, plinths can be tiered to create a multi-height display.

Tilt Drinks Service

With its elegant curves and simple, functional features, the ice-free Tilt Juice Dispenser is a perfect addition to any group setting, quenching guests' thirst with a seamless serving experience.

The innovative ice-free cooling system keeps 8 litres of liquid (2.1 Gallons) cool for up to 4 hours, ensuring seamless service across safely-timed guest visits, with an intelligently-designed drip tray locating easily onto the Tilt frame for enhanced stability and reduced spills.

Hand blown from soda lime glass, our carafes feature a tapered neck with angled top for pouring. Ideal for serving water or juices, the carafe can be used alone or combined with Flow Carafe Risers or Flow 2.4 Carafe Plinths to create a unique display for groups or alone for in-room or at-table dining.

Tilt Glass Jars

Designed to fit with three different height Tilt frames, these three-litre jars are the perfect solution for elegant cereal or ice display. The turned walnut or oak lid can sit effortlessly on the edge of the jar for single-handed serving, adding a high end feel to a single-serve presentation or hygiene-conscious buffet.

Cut from solid walnut or oak, the Wooden Spoon completes the functional Tilt Jar set. Each Wooden Spoon is ergonomically designed for easy handling.

Alto

Alto is a sleek display range that combines simplicity, beauty and informality.

Available in solid walnut, the collection comprises a range of multi-height risers and boards for unique and creative display.

Featuring a removable tripod base in black metal and chamfered edges, the Alto Range is perfect for informal presentations, from grab-and-go breakfast pastries to contemporary afternoon tea.

The signature Alto Buffet piece is a three tier cake stand, which can be used as a singular focus item or nested with other elements of the Alto Range to create a multi-height display.

The elegant black exterior of the complementary pots creating a striking contrast to conventional metal serving ware and are ideal for single-serve portions.

Alto Cake Stand, Bowl and Boards

Available in walnut, Alto offers flexible presentation with a range of plinths and boards with removable tripod bases for multi-height display. A sleek collection designed to provide a competitively-priced solution for ambient food display, this range is perfect for high tea presentation or grab-and-go.

Background Marker Touch Up & Mineral Oil

Our pure mineral oil provides protection, retaining the wood's natural colour and character while prolonging the life of your board. The oil is clear, tasteless, odourless and food safe, making it ideal for use on wooden items including bowls, risers and utensils. It can also be used on slate or stone.

Mineral oil can be applied with a folded kitchen paper towel.

Shaker

Made from fine Scandinavian AeroPLY in the tradition of the 19th century American Shaker community, this range, finished with miniature copper nails, provides chefs with a wonderfully versatile new material.

Ideal to present all manner of dry foods for single-serve, from chips to grissini sticks and bar snacks, both in gathering spaces and in guest rooms, Shaker's aesthetic is elegant and understated across a property.

Wave Tray

Understated elegance complements the underlying innovation behind the Wave Tray. Designed with a robust non-slip rubber over moulding, the tray surface will never peel, meaning reduced replacements and a dishwasher safe, hard-performing finish. The tray's miniature locating feet are intelligently engineered to allow for aeration when stacked, with no water build up or residue, enabling reduced maintenance and a consistent, high-quality experience.

Conference & Events

Line Table

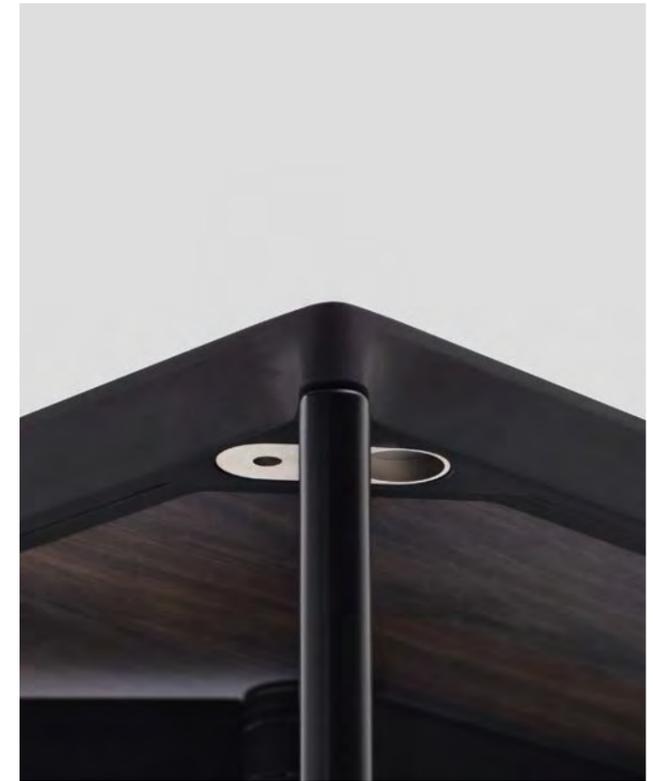

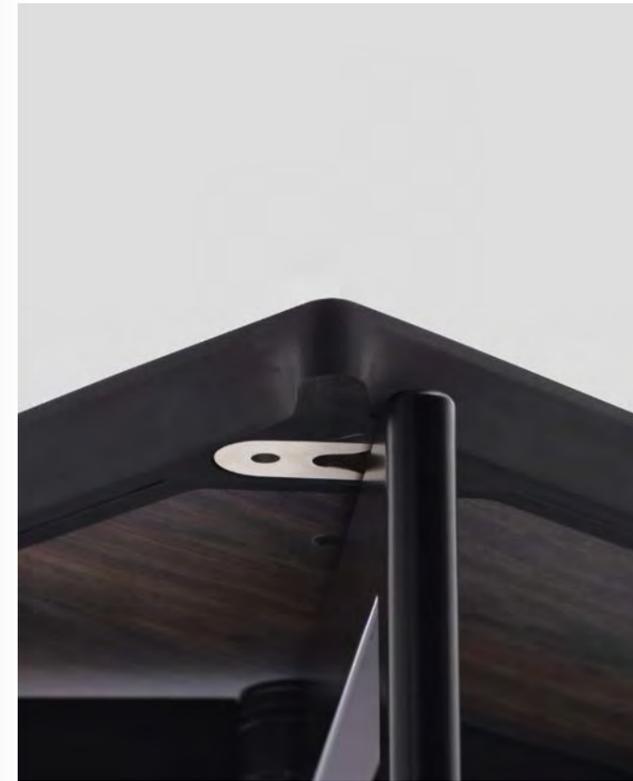

Line is a unique folding table solution at the fore of space design. The lightweight, hygienic tops and compact folding leg system combine to offer advances in the evolution of linenless table design.

Line Table pairs operational innovation in intuitive, single-person setup and hygienic surfaces with a residential, discreet aesthetic.

Watch the Video

Intuitive Set-Up

Intuitive locking system and ergonomic grip for seamless set-up, breakdown and changeover. No tools required.

Wipe-Clean Hygiene

Each table features an intuitive locking system, with ergonomic grip for single-person seamless set-up, breakdown and change over. ISO 22196 compliant laminate tops offer wipe-clean ease.

Compact Storage

Legs collapse to 42mm (1.7 inches), with tops slotting underneath on the trolley for class-leading storage density back-of-house.

Line Table System

The Line Table System is available in two sizes – 1800mm and 1500mm – and in four different shapes – rectangular, classroom, trapezoid and half round – to create various configurations to suit any space requirement.

Line consists of five different elements: table tops, legs, modesty panels (optional), cable management (optional) and trolleys (mandatory).

Also available in dimensions 1800 x 600 mm and 1500 x 600 mm. Please contact your Craster representative for further information.

Line Cable Management

Line Table power units have been designed to fit discreetly beneath tables, with a subtle cable management sleeve to reduce trip hazards and unsightly wires. Equipped with male and female sockets, each unit can be daisy chained together, with magnetic clips provided to channel cables discreetly along table frames. Intelligently-designed USB A and C outlets for mobile and laptop charging may be toggled in and out and replaced without affecting adjacent sockets.

Available in North American, EU (Schuko), UK/IRL and Japanese sockets as standard. Other regional sockets available upon request.

Link Table

Introducing the Link Table System, a sleek events and display table for the F&B and C&E space. Intelligently designed for intuitive setup, Link has been engineered for flexible configurations.

Forged to support socially-distant cuisine services or lingering points, the Link range has been designed to complement our Line system for a seamless aesthetic across and between spaces.

With a slender elliptical leg profile and central folding mechanism for easy storage, Link pairs with Line beautifully in front of house presentation and minimises back of house storage.

There are three table heights (1100, 900 and 740 mm) with options of toughened glass or HPL tops.

Link Table System

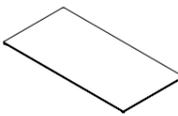

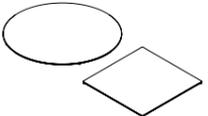

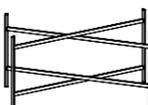

The innovative Link Table System blends front-of-house poise with back-of-house functionality in a beautiful concept. Available in three shapes - rectangular, round and square - Link tables can be combined with different height legs to create nesting arrangements.

Select a shape and material for the top and finish by choosing a leg height (short, medium, tall).

Link Reef Edge Table Tops

A highly resistant innovation, the Reef table top edge ensures longevity in the aesthetic and operation of Conference and Events ranges. The protective Reef edge offers the perfect solution for frequent setup, breakdown and back-of-house storage. Combined with laminate tops, Reef edges provide an unparalleled ease of care.

Our other HPL finishes from Line are available for Rise & Link, dependant on order quantity.

Rise Table

The Rise Table System has been intelligently engineered to support a responsive, modular display that is both beautiful and effortlessly assembled.

Rise features a universal locator system allowing folding legs and table tops to be used in any combination. Legs are available in natural, white-washed and stained black oak, and stainless or black steel.

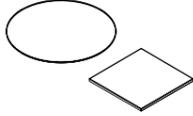

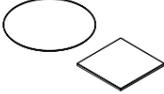

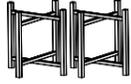

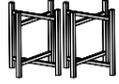

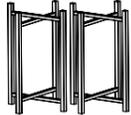

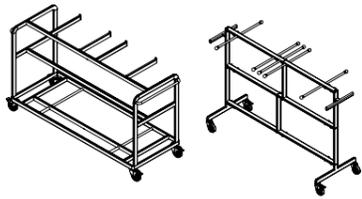

Square, circular and rectangular tops come in wipe-clean glass, antimicrobial HPL with hard-wearing Reef edge or oak veneer.

Rise Table System

Using a universal locating system, the Rise Table System allows you to mix and match any top or legs to create the perfect solution for your buffet.

Select a size series (800 or 700), then select a shape and material for the top and finish by choosing a leg height (short, medium, tall) and a leg finish (stained wenge, painted black oak, and stainless or black steel).

Product Design

COMBINING CLIENT COLLABORATION & BESPOKE MANUFACTURING EXPERTISE

In the fast-evolving landscape of premium hospitality, the best brands compete to deliver truly unique guest experiences. We help our clients to navigate a dynamic hospitality market and differentiate themselves by creating products that deliver experiential moments that stand out.

Contact your Craster representative to discover more about bespoke product creation.

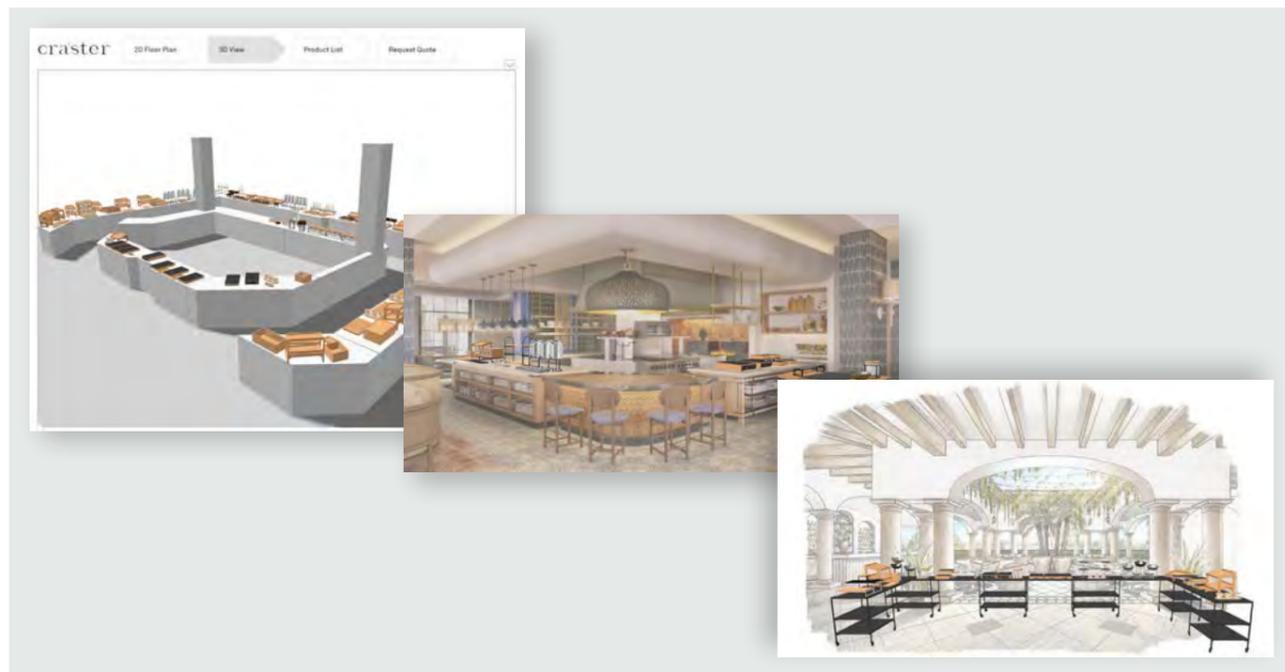

Space Curation

INTRODUCING CRASTER PLAN VISUAL MERCHANDISER AND SPACE PLANNING SERVICE

The Craster PLAN tool offers the ability to curate Craster product in real time, with 2D and 3D interior layout tools to help you choreograph guest circulation and public spaces.

This tool is currently available for use through our sales team and offers easy set up and reconfiguration for F&B buffet displays. Conference and event space curation with furniture setup is also available.

Contact your Craster representative to discuss your project with PLAN.
