# about

## PLEASED TO MEET YOU

We're Crown International - a Dutch based company that has been established more than 15 years ago. We are specialized in designing, producing and stocking OS&E products. Having had the pleasure of working with hoteliers and hotel chains in more than 60 countries, we understand the demand from a design as well as from a functional perspective. Over the years our range has developed into a wide variety of must-haves. Our high quality PU leather items, elegant bathroom accessories and charismatic interior items are a perfect welcome asset to each room.

Get inspired by our refined design, valuable materials and unique quality!

# surfaces

## PEBBLE

Our distinctive material which has a stylish as well as timeless appearance and enhanced durability. Crafted from high-quality PU leather it has a very authentic and genuine look-and-feel. Available in 3 timeless earth tones the surface is matching and enhancing nearly every hotel room.

## DELINO

Inspired by finely cut linoleum printing, Delino creates the impression of a textile weave with its refined crosshatch design. Its textural aesthetic and soft touch are brought to life with foundational neutrals.

52°29'70.717,6°90'58.442

## ...THE PLACE IT ALL HAPPENS

Our own Dutch design impresses with progressive solutions and trend-setting ideas. Minimalistic and experimental, innovative-unconventional and with a winking sense of humor - this is how the typical Dutch design aesthetic can be described. Our design tradition is versatile, innovative, inimitable, serious-solution-oriented and playful-optimistic at the same time. It is a constant search for the balance between old and new, craft and technology.

With the perfect combination of inspiring colors, carefully selected materials and a keen eye for detail, our Catalogue was created. Start your journey through our exciting must-haves and timeless classics.

When you consider Dutch culture, you can't help but think about bikes, windmills, wooden shoes and tulips. They seem cliché, but these classic icons intertwine with the region's geography and history.

But the Netherlands is more than a country with a rich historical and traditional heritage. This small country still manages to stand out for its great inventiveness, its problem-solving attitude, and its openness to the world.

## OUR DRIVING FORCE

In our fast-moving time, a hotel room is more and more getting a place for rest and relaxation. That's why hotel items do not only have to be functional but also individual and comfortable. We love (co-) creating contemporary products for hotels in the EMEA region and are 100% dedicated to room OS&E.

At Crown, we believe that our success starts from our people. Each and every one of us, with our varied abilities, strengths and potential. A culture should be built from the inside out. Growth, customer focus and performance have many metrics. But we believe the most important is the satisfaction of our people and as a result the satisfaction of our customers. One of the core values is respect. We want to show respect for our customers by delivering great design and quality at the right price.

WE LEAVE...

From the first design sketches to the moment a product leaves our warehouse, sustainability and responsibility guide every step of our process. We carefully select raw materials and continuously implement measures to reduce environmental impact.

This commitment has been awarded with the Bronze medal by EcoVadis, a leading authority in sustainability assessments. This distinction reflects our performance in areas such as environmental impact, ethical business practices, labor and human rights, and sustainable sourcing.

We design safe items made to last. The use of recycled materials, processed in selected items and surfaces as well as packaging, helps conserve valuable resources, supporting a high quality of life for present and future generations.

## THE SCENES

### SERVICE

Product quality and customer service excellence have always characterized Crown ever since. Wherever a request comes from, worldwide, our customers will always find an ambitious team ready to process it. After all, we want customers to remain pleased with our products over the long term and continue to derive satisfaction from them.

### IN-HOUSE DESIGN

From intensive dialog with interior designers and hotels we continuously develop new and customized products. We work with specialists who are driven by passion to ensure a certain level of quality and eye for detail. This allows you to focus on the pure aesthetics of the product. We gather, research, and develop new materials, elements and styles on a daily basis.

Production is more than manufacturing: it encompasses everything from design, to consumer behavior and end-of-use cycles. Crown combines real craftsmanship with the latest trends and technologies. Working with the best materials, finishes, and manufacturing-processes gives the trust of our expertise.

Made of T909 Traverso PU leather  
 Black velvet inside  
 Size: L 345 x W 150 x H 175 mm

Art.-No.: 29880-T909

### STEAMER BOARD

Foldable  
 made of PP Panel covered with metallic Cotton and laminated foam  
 Folded: 55 x 260 x 410 mm  
 Unfolded: 10 x 850 x 410 mm

Art.-No.: 20800

## LET'S GET PERSONAL

From intensive dialog with interior designers and hotels we continuously develop new and customized products. We gather, research and develop new materials, elements and styles on a daily basis. Inspiration and creativity lead us to the development of products full of character. We work with specialists who are driven by passion to ensure a certain level of quality and eye for detail. This allows you to focus on the pure aesthetics of the product.

Crown wants to make the difference by creating what others don't. Our products are the keen result of creative in-house design. We want to convince you with our dynamic creations: unique, innovative and decidedly Dutch! Our items can be playfully combined and give our customers the possibility to realize their own ideas to create individual one-off pieces.

# bespoke

## CUSTOMIZED SOLUTIONS

## A PERFECT MATCH

In addition to our experience our projects are created with passion and craftsmanship. We are always happy to take on new projects and bring any vision to life.

## SUSTAINABLE PU LEATHER

The Traverso material is an advanced PU leather variant developed with a focus on sustainability and performance. It contains 30% recycled post-consumer polyester, sourced from materials such as used plastic bottles and discarded textiles. This recycled polyester is processed and spun into new fibers, which are then integrated into the backing layer of the PU fabric.

By reusing existing resources, the production of Traverso significantly reduces the demand for virgin raw materials and lowers energy consumption and CO2 emissions.

& ON THE WAY

The finished product is stored, moved and delivered from our own central warehouse. We deliver products that have been ordered at the right time and place in a cost-effective way and to the satisfaction of our customers. Our warehouse, dispatch, distribution, purchase, logistics and fleet teams work together in order to meet our targets.

Our product warehouse measures nearly 1100m<sup>2</sup>, providing a total storage capacity of 880 pallets.

In addition to serving production, distribution and sales, we also register and store this amount of products as well as safeguarding its quality and quantity. Our own production lines, which secure quality as well as flexibility, are continuously expanded.

Direct logistic services from our own warehouse or factory ensure a fast and safe delivery.
