Customer satisfaction is a key factor in the restaurant and hotel industry. To let families feel comfortable with you, it is necessary to consider the needs of the children. With the right children's equipment and interesting entertainment you will win the hearts of the children and their families.

Having started with booster seats on chairs for children, we have developed our range of products for restaurant and hotel owners: Our aim is to make the children's stay in your restaurant/hotel unforgettable with Koru Kids products. In this respect, not only the high quality and safety of the products is important to us, but also the stimulation of the children's creativity without disturbing the other guests. Discover our growing range of products on our website.

Are you looking for gastronomy products for children or entire concepts? Please contact us. We are more than happy to develop an individual solution for you.
