Think heritage, think expertise, think quality,
think Waterbury

Based in Birmingham, the manufacturing centre of England, Waterbury was established in 1935. Our family-run business has a long history in producing high quality bathroom accessories for a wide range of applications including hotels, cruise ships, student accommodation, care homes and residential properties.

Why Waterbury?

Over the years we have developed a reputation for **quality, durability and highly competitive pricing** backed by a superior level of customer service.

We have a proven track record as a manufacturer and preferred supplier of bathroom accessories to most leading operators, in a wide range of commercial installations. Our product ranges are dependable, practical and beautifully styled and have proven themselves beyond comparison in the marketplace.

Quality that excels

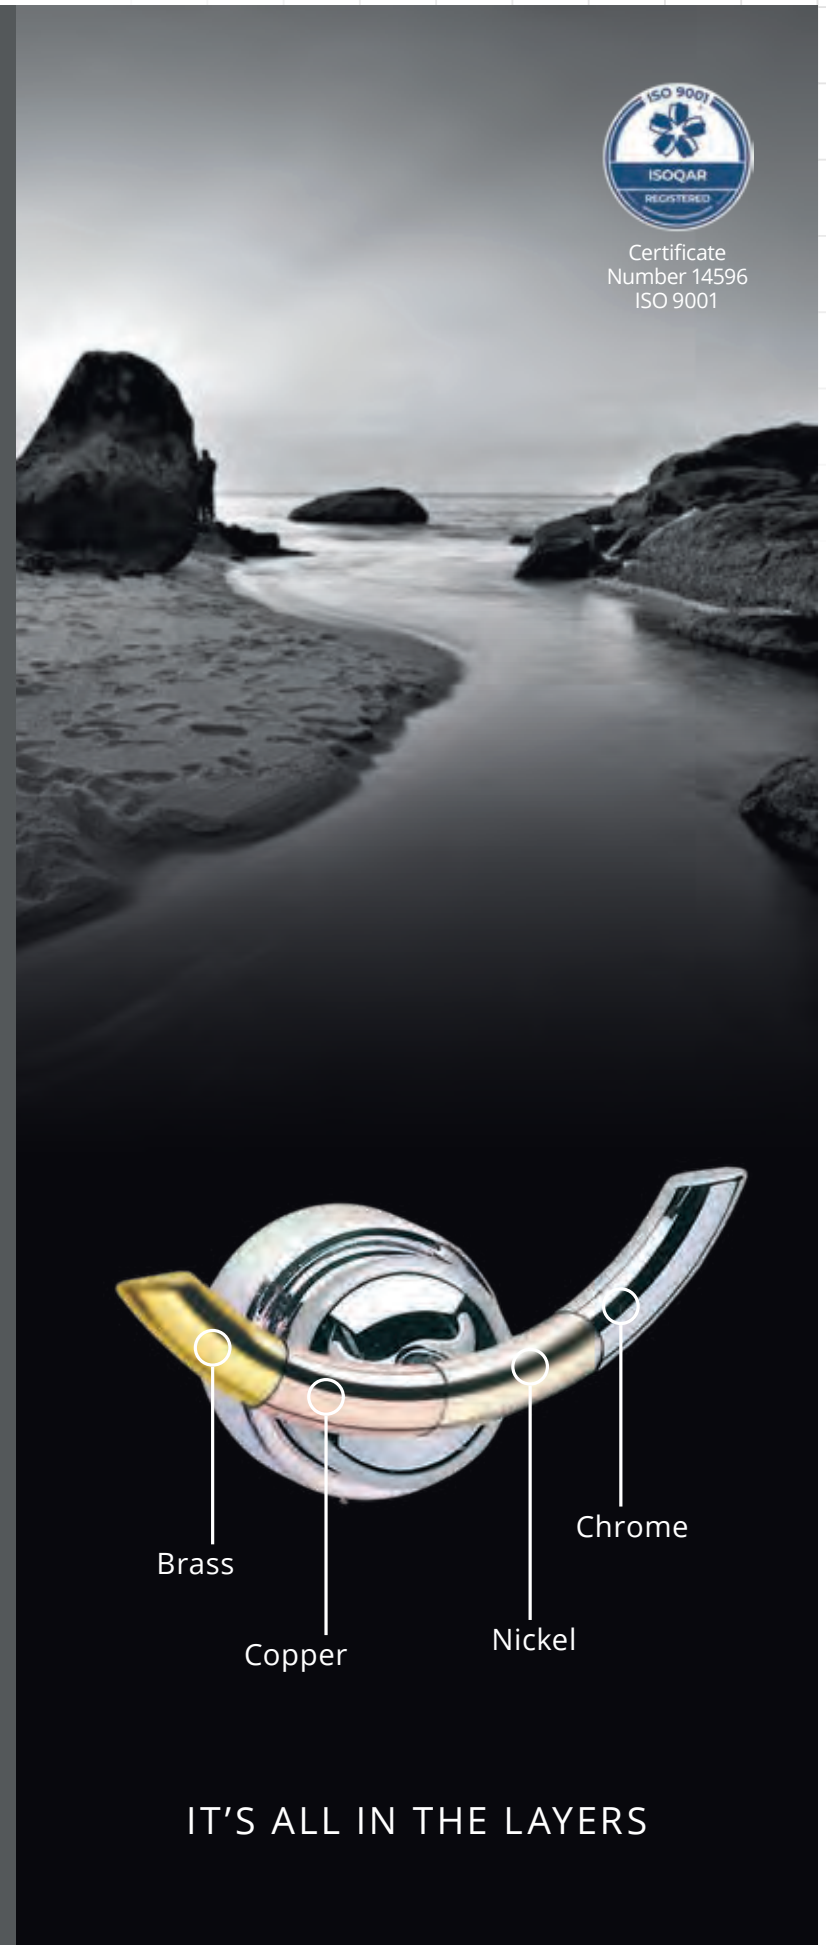

We're passionate about quality and it shows. It's earned us a reputation for consistency in standards of manufacturing, quality and customer service.

We're constantly updating and improving our ranges, and our products use only the best materials finished to **BS EN ISO 1456:2009 standards in high quality SC2 chromium plate** to achieve a deep, lustrous and protective finish.

You also get the **peace of mind of our 12 Year Manufacturing Guarantee** so you can make your purchasing decision with confidence. Accept no substitutes when selecting bathroom accessories. Waterbury's products are made up of high quality materials giving a robust and durable product.

DETACHABLE DROP DOWN RAILS

A new system for transforming our award-winning Proteus drop-down rail into a detachable drop down rail.

Our simple system allows the rail to be removed from any bathroom in less than 30 seconds.

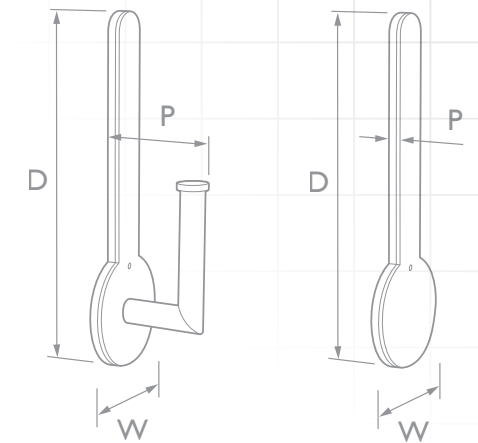

And when the rail is removed it leaves behind either a cover plate or a stylish spare toilet roll holder in its place.

PR08 - DETACHABLE DROP DOWN RAIL WITH TOILET ROLL HOLDER

W - 114 D - 357 P - 93

PR09 - DETACHABLE DROP DOWN RAIL BLANK

W - 114 D - 357 P - 13

HOW IT WORKS...

STEP 1

The Proteus drop down rail sits flush against the wall attached to a slimline plate made from the highest quality chrome.

STEP 2

With just a few turns of an Allen key to remove the locking screw, the Proteus rail is released from its slimline backing plate.

STEP 3

Once the locking screw is removed, the Proteus rail easily slides up to detach it from its three location points and is removed completely from its backing plate.

STEP 4

The cover plate (which is also a stylish spare toilet roll holder) is then offered up to the backing plate and slotted down onto the three location points.

STEP 5

Using the same Allen key, the cover plate/spare toilet roll holder is then fixed firmly into place with the locking screw.

STEP 6

In 30 seconds, the contemporary Proteus rail has transformed into an equally modern and minimalist spare toilet roll holder. Quick, effective and very stylish.

Universal

ROUNDED VERSATILITY

If functional, practical and ‘to the point’ is what you’re looking for, Universal is the perfect choice for a wide variety of applications.

Previously available as selected items incorporated into our other ranges we felt it was time this eclectic assortment had its own name. Now it’s easier for you to conceive in use and specify.
